

## APPLICATION FOR SERVICE/WATER METER CONNECTION

I, ....., being the owner of the undermentioned property apply for a water service pipe/water meter to be installed and request that it be connected to Council's water main, subject to the provisions of the Local Government Act and the requirements of Council.

A plan is endorsed on the back hereof, showing the lot, building and proposed position of the water service pipe/water meter. On receipt of this application, the meter / service will be installed within **10 working days**.

**NOTE:** In subdivisions made since 1958, the position of the water service and therefore the water meter is already fixed and re-positioning of the service and/or meter will be at the owner's cost.

**Has the meter application fee been paid for this lot / s? (check on GIS).....Yes / No (circle)**

**Is this application completion required for building commencement?.....Yes / No (circle)**  
 (If Water Supply to the property is required after 10 days for other reasons e.g. tree establishment on site, circle 'Yes').

**If the meter application has previously been paid for this lot / ...../...../.....Insert Date of Payment and Land File number below.**

**If the meter application fee has not been previously paid for this lot, **Complete the following:****
