2 COMMUNITY CONSULTATION

2.1 ITEM 6.4 MODIFICATION {MOD0019/2012} TO DEVELOPMENT CONSENT No 0406/2011 – TURF FARM – LOT 7, DP1048585, ROBERTS ROAD, KINGSWOOD – FILE No DA0406/2011

Mr Andrew Swane from Brown & Krippner addressed Council and advised that he had not made any political donation or gift to any Councillor or Council employee.

Mr Swane raised concern over item (iii) of the recommendation in the report regarding the stormwater catchment system. Mr Swane advised that recent discussion with Council have resulted in a suggested change to the recommendation that would satisfy the concerns. Mr Swane thanked Council for their considerations.

2.2 PRESENTATION OF THE NATIONAL SAVEWATER AWARDS BY MR IAN LOBBAN – FILE No SF2721

In August this year Tamworth Regional Council made an application to the 2011 National SaveWater Awards. This year, the awards received 1,000 entries across various categories which recognise excellence in water efficiency in business, government, schools, local communities and individuals. These awards have now developed international recognition and participation, with applications received from across 40 countries.

Tamworth was an entrant Government category, which “acknowledges achievement and a strong ongoing commitment by a local authority, state or federal government agency/department, to reducing its own or the community’s water use.”

From this year’s overall entries there were 45 finalists with TRC being announced as one of three finalists in the Government category. The two other finalists being NSW Water Directorate and East Metropolitan from Western Australia.

Qualifying as a finalist secured us a table at the black-tie gala Awards dinner in Melbourne, where the winners would be announced. These Awards were attended by the Mayor, General Manager, Director Water Enterprises and Mr Lobban.

Tamworth Regional Council was announced the winner in the Government category of the 2011 National Savewater Awards.

Mr Lobban acknowledged the strong ongoing commitment to water efficiency that comes from the business and industrial sector, domestic residents, students in our schools and the efforts made internally by key staff to make Tamworth Regional Council a more water-efficient organisation.

Mr Lobban presented Council with the trophies. The Mayor, in accepting the Awards, commended Mr Lobban and the Water Directorate for the development of the water saving initiatives that have won Council this prestigious Award.

6.3 DEVELOPMENT APPLICATION FOR CONSTRUCTION OF TWO CARPORTS AT TAMARA PRIVATE HOSPITAL ON LOT 2 DP 873857 – 4-6 DEAN STREET NORTH TAMWORTH – FILE No DA0528/2011

DIRECTORATE: PLANNING AND COMMUNITY SERVICES
AUTHOR: Abbey Baldwin, Building Inspector

MOTION

Moved Cr Woodley/Cr Betts

368/11 RESOLVED

In relation to Development Application No DA0528/2011 for the construction of two detached carports over existing car parking on Lot 2 DP 873857, 4-6 Dean Street, North Tamworth, consent be granted subject to the following conditions:

PRIOR TO WORK COMMENCING

- 1) Appropriate measures are to be implemented in relation to erosion and sediment control prior to work commencing. Such measures are to be maintained during the construction of the development.
- 2) A sign is to be erected in a prominent position on any work site on which work involved in the erection or demolition of a building is being carried out stating:
 - (i) unauthorized entry to the work site is prohibited;
 - (ii) the name of the person in charge of the work site and a telephone number at which that person may be contacted outside working hours; and
 - (iii) the name, address and phone number of the PCA by the owner.

The sign is to be removed when the work has been completed.

This condition does not apply to building work carried on inside an existing building, or building work carried out on premises that are to be occupied continuously (both during and outside working hours) while the work is carried out.

GENERAL

- 3) All building work must be carried out in accordance with the provisions of the Building Code of Australia.

- 4) All proposed building, site works or property improvement indicated on the submitted plans or otherwise required under the terms of this consent shall be completed prior to occupation/use of the structure to ensure compliance with the provisions of the Environmental Planning and Assessment Act, 1979.
- 5) The development must be carried out in accordance with the Development Application and accompanying plans, drawings and other documents as amended by conditions of this consent. Any amendment to the development or to these conditions will require the consent of the Council.
- 6) Work on the project shall be limited to the following hours to prevent unreasonable disturbance to the amenity of the area:
 - (i) Monday to Friday - 7.00am to 5.00pm;
 - (ii) Saturday - 8.00am to 1.00pm if audible on other residential premises, otherwise 7.00am to 5.00pm; and
 - (iii) No work to be carried out on Sunday or Public Holidays if it is audible on other residential premises.

The builder shall be responsible to instruct and control his sub-contractors regarding the hours of work.

DURING CONSTRUCTION

- 7) The footpath and/or road reserve are not to be used for construction purposes or placing of building materials (without Council's prior consent) to ensure safe and unobstructed access for pedestrians. Where necessary, application may be made by contacting Council's Development & Approvals Division.
- 8) Any damage caused to kerb, guttering and/or footpath during building operations shall be rectified by the owner or the builder to the satisfaction of Council to ensure the integrity of Council's road infrastructure is maintained in an acceptable standard.
- 9) Roofwaters are to be disposed of by piping to the infrastructure main located within Adam Street or to the street gutter fronting Dean Street, to control the flow of roofwaters so as to prevent damage to the building's footings and to restrict the likelihood of stormwater nuisance.

INSPECTIONS

- 10) Tamworth Regional Council has been appointed as Principal Certifying Authority (PCA) to undertake all critical stage inspections as prescribed under the Environmental Planning and Assessment Regulations, 2000. A PCA Agreement outlining the critical stage and any additional inspections shall be provided upon issue of Construction Certificate.

PRIOR TO OCCUPATION

- 11) To ensure that the building work is completed in accordance with the approval and is in a safe and healthy condition for use by the occupants, the building (or part of the building in the case of alterations and additions) shall not be occupied or used until:

- (i) it is completed in accordance with the approval and the principal certifying authority has completed a satisfactory final inspection; or
- (ii) the principal certifying authority gives written permission to allow the building to be occupied or used before it is completed.

6.4 MODIFICATION [MOD0019/2012] TO DEVELOPMENT CONSENT No0406/2011 – TURF FARM – LOT 7, DP 1048585, ROBERTS ROAD, KINGSWOOD – FILE No DA0406/2011

DIRECTORATE: PLANNING AND COMMUNITY SERVICES
AUTHOR: Catherine Pyne, Team Leader Development Assessment

MOTION

Moved Cr Webb/Cr Durant

369/11 RESOLVED

That in relation to an application [MOD0019/2012] to modify Development Consent No 0406/2011 by:

- altering conditions relating to capture of nutrient runoff;
- altering conditions relating to separation buffers;
- amending requirements for manure stockpile management;
- removal of reference to soil loss controls; and
- altering limitations of operating hours,

Council:

- (i) amend Condition 4 to specify a minimum design level for the catch drains and tailwater ponds relevant to their purpose as specified in Condition 8, 9 and 10;

- (ii) amend condition 8 to specify that the catch drains are to be designed for a 1 in 100 year ARI event for the purpose of capturing the first flush (the first 10mm of runoff from the site) from the longest reach;
- (iii) amend Condition 9 to identify that the tailwater pond design for catchments 1, 2 and 3 is to cater for the first flush of 10mm over the catchment, providing it can be demonstrated how this will be effective in nutrient control in the 1 in 100 year ARI event.
- (iv) addition of Condition 7A which requires removal of that section of the contour bank which directs water northward onto an adjoining property;
- (v) amend Condition 20 to clarify that an Environmental Management Plan (EMP) is required and the Plan should address the potential environmental impacts of the operation and how these will be managed. Its content should address the following issues (Note: the issues listed do not comprise conditions and are suggestions of the EMP content);

In this regard, the criteria listed for consideration in the preparation of the EMP should be amended in the following manner:

- (a) amend item (iii) to state “Screen planting should occur along the Roberts Road boundary of the site and around the common boundary with Lot 102 to provide a visual barrier and dust screen to the adjoining residential neighbours”. In this regard, with the exception of the planting to the Lot 102 boundary, no turf should be planted within 100 metres of the existing dwellings in Roberts Road until screen planting is established;
- (b) amend the first sentence to item (iv) to state “The Plan should be able to demonstrate how the soil balance will be maintained.”;
- (c) amend item (v) to add “Manure storage shall be managed to ensure no unreasonable impact on the adjoining landowners or the environment.”;
- (d) delete item (vi) concerning manure stockpiling timeframes;
- (e) amend item (ix) which relates to the spread of manure to turf to insert the following sentence “The spread of manure must be managed to avoid impact on adjoining neighbours, and should generally occur during daylight hours and not on Fridays, Saturdays and Sundays.”;
- (f) amend item (xi) which relates to hours of operation of machinery to state “the cutting of turf shall only occur during daylight hours”;
- (g) amend item (xii) to “Offensive noise should not be generated from machinery used during the harvesting, mowing, fertilising or maintaining the turf”; and
- (h) amend item (xiii) to “The buffer zone of 100 metres from the water course may be used for agriculture with the exception of intensive agricultural pursuits including market gardening”.
