**General Business:**

**DURI GYMKHANA.** Council will come for an inspection on the sports ground Wednesday 27<sup>th</sup> September at 2 PM to check all is ok for insurance with the Gymkhana. The safety for any damages for horse riders will be there on the day. The judges are being put together for the day. The menu will need to be put together soon for the day.

The coffee machine will be put together for the options for all to have coffee on the day, early if they want. We will need to look for some more possible donations for the Gymkhana.

Brydie will put all about the Gymkhana event on face book.

We are working out what might be part of the event, like a raffle, and the food that will be available, and even some of the things that might be a help around the sports ground.

**DURI HALL** The Duri School was able to come to the hall without the cost of the hall . They were asked for a small donation for the cost of electricity used in the hall. Council has done some work on the toilets of the hall, but there still needs a more work on the septic. Billie was able crossover with a Council person at the time. She was able to explain how the normal water that crosses along the back of her home, sometimes goes into her home block .

There is a thought now that it would be a move forward to upgrade the hall kitchen . It would be more attractive to rent out the hall with a good kitchen.

The rent for the hall is not high. Billie will put the rent up a little more, as we all thought it is a good idea.

The Super Damper Night for the community was able to go on 9<sup>th</sup> September. 26 people were able to come and enjoy the food and get together, and proceeds went to the Progress Association .

Meeting closed 7-58 P.M.
