**Discussion topics**

TRC

Adam

- Touched base on getting the hot water system fixed. Technicians told Adam that they are still waiting for parts hence the extended wait period.
- Adam is still needing to get quotes for the requested AC split system for the Plain street clubhouse.
- Leaking tap has been fixed
- Due to a number of games being cancelled, Adam suggested that Minor League could borrow a buggy for the weekend and sell already purchased stock from it. This would ensure the purchased food/drink would not go to waste, even though games on the Plain street playing fields/clubhouse could not be used.

Minor League

Tammie

- Enquired if there were wet weather field options for Rugby League? Due to the constant wet weather, a number of games/rounds have been cancelled and Tammie is experiencing some pushback from parents. Blake recommended contacting North Tamworth Bears or Tamworth Magpies, to see if their fields were available. Adam said there could be a compromise and that Minor League could use other fields within Riverside. He would be in contact to give specific field options.

**Actions**

TRC

Adam

- Follow up with hot water system technicians to get an ETA on parts.
- Obtain quotes for AC Split System
- Liaise with Sports Dome to see if their buggy can be borrowed by Minor League for upcoming games.

Minor league

Tammie

- Communicate with club members and parents the on-going advice from Council regarding field closures. It is important for users to know that fields are closed to ensure the quality of fields are maintained.
