- B. Emergency access to No. 1 Oval.

Recently there was an incident at No. 1 Oval where an ambulance was called. The players present at the time where unsure how an ambulance, if required, would access the playing field.

Precinct Supervisor reiterated this has been discussed previously to those present at Sports Operational Meetings. When ever the field is in use, the gate on the Kable Avenue end is dummy locked.

TRC reiterated to cricket, no matter what addressing an emergency is a first priority and if locks need to be cut at such a time etc. that is acceptable.

TRC will investigate placing a lock on this gate that emergency services have access to.
