

TAMWORTH REGIONAL COUNCIL (TRC) – COVIDSafe PLAN

Why is it important for TRC to have a COVIDSafe Plan?

The health and safety of our staff is Council’s number one priority. As such, this plan is designed as a guide to ensure that the TRC workplace remains healthy and safe for all staff during the COVID-19 Pandemic. This plan will be revised as restrictions and conditions change during the pandemic.

TRC’s COVIDSafe Plan will assist Council in ensuring that WHS obligations are met as the Person Conducting a Business or Undertaking (the PCBU) and that Council is complying with WHS regulations and legislation.

The Plan is broken down into three sections with sub-sections for completion as follows:

1. Keeping People Safe (you, staff, customers and the public):
 - a. Maintain good hygiene and cleaning
 - b. Stay physically distant
 - c. Follow advice: additional changes or information specific to each division of TRC
 - d. Responding to a COVID-19 infection
2. Adapting our organisation now and in the future:
 - a. Operational tasks required to return staff to the workplace
 - b. Adapting our organisation
3. Accessing support and assistance including a Plan for Re-opening

Managers/Supervisors – Safe Work Australia’s online hub

<https://www.safeworkaustralia.gov.au/collection/covid-19-resource-kit> has a range of information available to minimise the risk of COVID-19 exposure in TRC’s workplaces and to assist you in completing COVIDSafe Plans for your divisions including information on:

- What are my duties under WHS law?
- What can I do to keep workers safe?
- Working from home
- What are my workers’ rights?
- Cleaning and protection
- Mental Health

Review this online hub regularly for updated information and if at any time you have queries please contact the Risk & Safety team.

Adapting the Operations of your Division

If the way your division operates needs to change in relation to interaction with customers, you will need to adapt your approach and identify any tasks associated with these changes in the table below.

In order to complete this section, consider the following:

- Do physical/social distancing requirements change the way areas of my division engage with customers? How do I best address these changes to ensure the safety of staff and customers alike?
- What elements of my division’s operations will be difficult to maintain/re-open in the current environment – how can I minimise these impacts?
- What services can I temporarily change or expand for my division?
- Are there opportunities I can identify and implement to ensure my division operates effectively in the current environment?

This section should be updated as COVID-19 restrictions change.

Please complete the table below with the tasks required for your division:

Task	How will it be completed?	When will it happen?	What supplies do you need?	Completed (Yes/No)
Click and Collect	Library shelving and signage will be installed in the loading bay to indicate where reserved library items can be collected	From 25 May 2020	Signage	Yes
Library Programs/events	All children’s programs, author talks and other adult programs will be filmed and available via social media.	From 25 May 2020	N/A	Yes

In developing the above tasks for your division, it may be helpful to consider key stakeholders who can assist me such as relevant industry associations (LGNSW, LG Professionals, Office of Local Government etc.) and other areas of the organisation (i.e. Finance, IT, People & Culture etc.)
